

Spring 2025 Early Order List				
BRANCH NURSERY - 651- 674-7698 - Operators are standing by!!! (LOL)				
TREES BIG ENOUGH TO SURVIVE THE DEER!				
Our trees are much taller than most fruit trees on the market giving them a better chance of survival!				
***Bare root trees available only in spring! Pick up between April 25 and May 11				
*S-M7 = Semi-Dwarf: Same size fruit, tree grows to 12-15' high and wide				
*Std = Standard. Tree will grow 15'-20' high and wide				
*Size = Trunk diameter at 6" above ground level. Height on all trees ~7' to 8'				
* All fruit trees require a pollinator unless otherwise noted. Must be another variety of same fruit.				
(Honeycrisp will not pollinate Honeycrisp, for example)
